

## Read me

Thanks for choosing the free edition of spodtronic! We are happy to have You as a user in the worlds most innovative and fast growing mobile radio community.

To decide which version of spodtronic you need to install you simply need to know what mobile phone you have.

If you are using a Nokia with Symbian 2.x (6630, 6680, 6681, 6682, N70 or N90) install the file "spodtronic\_2.1.0-series60v2\_en.sis" in the folder "Symbian Series 60 v2.x".

If you are using a Nokia with Symbian 3.x (E60, E61, E61i, E65, E70, N71, N73, N80, N91, N93, N93i or N95) install the file "spodtronic\_2.1.0-series60v3\_en.sis" in the folder "Symbian Series 60 v3.x".

Best wishes,

- Your spodtronic team.
